

Before

After

Differences in the formatted artwork:

- 1. Removed unwanted shadows behind figures sourced from different sites to ensure better presentation.
- 2. Adjusted sub-part label formatting (a, b) to align with journal guidelines, including font type and size.
- 3. Standardized inconsistent font style and formatting across all sub parts.
- 4. Corrected incorrect figure details as per the author's instructions.
- 5. Made font color consistent throughout the figure.
